KATY FLYER MAGAZINE INDEXES 1978-2018

COMPILED BY
Jim Younger

This document contains every annual index (41 total; two years had the same volume number) to the **Katy Flyer Magazine**. Nearly every item found in the *Flyer* is indexed. It is hoped that railfans, researchers and historians will find these indexes to be of use in obtaining information about all aspects of the **Missouri-Kansas-Texas Railroad**, affectionately known as **The 'Katy'**.

NOTE: This document is available only as a pdf download; the practice of producing cds has been discontinued. Also, the 'major articles' master index has been discontinued; It is redundant with the superior search capability of Adobe®. 'Major' articles may be identified in the annual indexes by their (usually multiple) page length.

Using Adobe® Reader's search features, any word or phrase in this document can be easily located. The 'search' feature (binoculars icon) is found on the toolbar above. Navigation is possible by using the bookmarks found to the left or by using the up/down arrows located on the right or by using the page arrows found at the bottom of the screen.

The *Flyer*'s publication history can best be viewed in the following table:

Vol 1 1978	Vol 11a 1989	Vol 22 2000	Vol 33 2011
Vol 2 1979	Vol 12 1990	Vol 23 2001	Vol 34 2012

1978 INDEX, VOLUME I

Compiled by Jim Younger

This is a 2 page index. The first *FLYER* appeared in early 1978. Indexed are the 4 issues of Volume I, (1978): January (#1), March (#2), July (#3) and September (#4). Pages were unnumbered; the format for all issues was 8½"x 14".

Matching issue dates and issue numbers is a bit of a task. #1 had neither an issue # (1) or date of publication (January, 1978); it contained 3 **un**numbered pages. (Identification was verified by an untitled front page newspaper article reprint by Martin Thomas detailing the founding of the KRHS). #2 was marked V. 1, #2, but lacked a publication date (March, 1978); it contained 8 **un**numbered pages. Issues #3 and #4 (July and September) had their respective dates but issue numbers were missing. July had 9 **un**numbered pages and September had 5 **un**numbered pages. A typical index listing (example) is:

Cross, Howard, article by:

Great Train Wreck, (re: witness to 1896 Crush TX train crash), ½ page, July 78

Listed is the author, title, issue date (by month and year only), and, if necessary, a brief description of the article's topic (to include supplementary information, such as article length in paragraphs or pages). Featured articles (usually only one page or less in length) are listed twice, by title and by author. Shorter features (e.g., 'Current News') are only one or more paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the compiler.

1985 INDEX, VOLUME VIII

Compiled by Jim Younger

The *Katy Flyer* is its **8th year** of publication. Indexed are the 4 issues of Volume X, (1985): March (#1), June (#2), September (#3), and December (#4). The March issue is 8 pages long; the June issue 12 pages and the September and December issues are 16 pages (8½ "x 11" format). A typical index listing (example) is:

Pitts, J. J., article by:
The Day Radio Came to the Katy Mainline, Mar 85:6-8

Listed is the author, title, issue date (by month and year), page number(s) and, if necessary, a brief description of the article's topic. Featured articles are listed twice, by title and by author. Generally, only featured articles exceed one page in length. Shorter features (e.g., 'Current News') are only one or more paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the compiler.

1987 INDEX, VOLUME X

Compiled by Jim Younger

The *Katy Flyer* is in its *10th year* of publication. Indexed are the 4 issues of Volume X, (1987): March (#1)(the only *FLYER* published w/a red masthead), June (#2), September (#3), and December (#4). Each issue contains 16 pages (8½"x 11" format). A typical index listing (example) is:

George, Ray, article by:
A Brief History of Katy Operations At Bellmead, Texas, Dec 87:3-9

Listed is the author, title, issue date (by month and year), page number(s) and, if necessary, a brief description of the article's topic. Featured articles are listed twice, by title and by author. Generally, only feature articles exceed one page in length. Shorter features (e.g., 'Current News') are only one or more paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the compiler.

1989 INDEX, VOLUME XI-a*

Compiled by Jim Younger

Note: There are TWO years of *Flyers* printed as Volume XI ,Nos. 1-4 (1988 & 1989), see*

The *Katy Flyer* is now in its *12th* year of publication. Indexed are the 4 issues of Volume XIa, (1989): March (#1), June (#2), September (#3), and December (#4). Each issue contains 16 pages (8½" x 11" format). A typical index listing (example) is:

Cruz, Chris, article by:
A Look at Katy Passenger Conductors, Mar 89:7-9

Listed is the author, title, issue date (by month and year), page number(s) and, if necessary, a brief description of the article's topic. Featured articles are listed twice, by title and by author. Generally, only feature articles exceed one page in length. Shorter features (e.g., 'Current News') are only one or more paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the compiler.

(* To distinguish between the two Volume XIs, (1988 & 1989), 1988 is designated Volume XI & 1989 is Volume XIa).

1991 INDEX, VOLUME XIII

Compiled by Jim Younger

The *Katy Flyer* is in its 14th year of publication (the 1989 Index is numbered volume 11A). Indexed are the 4 issues of Volume XIII, (1991): March (#1), June (#2), September (#3), and December (#4). Each issue contains 16 pages (8½"x 11" format). A typical index listing (example) is:

**Brown, Harry R., personal recollection by:
Penny Red and the Blue Goose, Mar 91:4-7**

Listed is the author, title, issue date (by month and year), page number(s) and, if necessary, a brief description of the article's topic. Featured articles are listed twice, by title and by author. Generally, only featured articles exceed one page in length. Shorter features (e.g., 'Current News') are only one or more paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the compiler.

1992 INDEX, VOLUME XIV

Compiled by Jim Younger

The *Katy Flyer* is in its 15th year of publication (the 1989 Index is numbered volume 11A). Indexed are the 4 issues of Volume XIV, (1992): March (#1), June (#2), September (#3), and December (#4). Each issue contains 16 pages (8½"x 11" format). A typical index listing (example) is:

**Winslow, Michael, article by:
Recollections at Chanute, Kansas, Dec 92:4**

Listed is the author, title, issue date (by month and year), page number(s) and, if necessary, a brief description of the article's topic. Featured articles are listed twice, by title and by author. Generally, only feature articles exceed one page in length. Shorter features (e.g., 'Current News') are only one or more paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the compiler.

1994 INDEX, VOLUME XVI

Compiled by Jim Younger

The *Katy Flyer* is in its 17th year of publication (the 1989 Index is numbered volume 11A). Indexed are the 4 issues of Volume XVI, (1994): March (#1), June (#2), September (#3), and December (#4). Each issue contains 16 pages (8½" x 11" format). A typical index listing (example) is:

**George, Ray, article by:
President Sloan's Legacy, Mar 94:3**

Listed is the author, title, issue date (by month and year), page number(s) and, if necessary, a brief description of the article's topic. Featured articles are listed twice, by title and by author. Generally, only feature articles exceed one page in length. Shorter features (e.g., 'Current News') are only one or more paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the compiler.

1995 INDEX, VOLUME XVII

Compiled by Jim Younger

The *Katy Flyer* is now in its **18th year** of publication (the 1989 Index is numbered volume 11A). Indexed are the 4 issues of Volume XVII, (1995): March (#1), June (#2), September (#3), and December (#4). Note: the September 1995 issue is marked as volume 18; it should be volume 17. Also, the December 1995 issue is marked as volume 18, number 3; it should be volume 17, number 4. Each issue contains 16 pages (8½" x 11" format). A typical index listing (example) is:

**Pitts, Jerry, article by:
Bonham Branch and The Nellie, Dec 95:13-14 (TX branchline service)**

Listed is the author, title, issue date (by month and year), page number(s) and, if necessary, a brief description of the article's topic. Featured articles are listed twice, by title and by author. Generally, only feature articles exceed one page in length. Shorter features (e.g., 'Current News') are only one or more paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the compiler.

1996 INDEX, VOLUME XVIII

Compiled by Jim Younger

The *Katy Flyer* is now in its 19th year of publication (the 1989 Index is numbered volume 11A). Indexed are the 4 issues of volume XVIII, (1996): March (#1), June (#2), September (#3), and December (#4). Note: the June 1996 issue is marked as volume 17, number 2; it should be marked as volume 18, number 2. Each issue contains 16 pages (8½"x 11" format). A typical index listing (example) is:

**McDaniel, J.C., article by:
Amtrak Similarities, Mar 96:9-13 (1928 Katy Flyer wreck)**

Listed is the author, title, issue date (by month and year), page number(s) and, if necessary, a brief description of the article's topic. Featured articles are listed twice, by title and by author. Generally, only feature articles exceed one page in length. Shorter features (e.g., 'Current News') are only one or more paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the compiler.

1997 INDEX, VOLUME XIX

Compiled by Jim Younger

The *Katy Flyer* is in its 20th year of publication (the 1989 Index is numbered volume 11A). Indexed are the 4 issues of Volume XIX, (1997): March (#1), June (#2), September (#3), and December (#4). Each issue contains 16 pages (8½"x 11" format). A typical index listing (example) is:

**Richards, Geoff, article by:
Wichita Falls—The Truth Is Out There!, Dec 97:10-11**

Listed is the author, title, issue date (by month and year), page number(s) and, if necessary, a brief description of the article's topic. Featured articles are listed twice, by title and by author. Generally, only feature articles exceed one page in length. Shorter features (e.g., 'Current News') are only one or more paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the compiler.

2002 INDEX, VOLUME XXIV

Compiled by Jim Younger

The *Katy Flyer* is in its 25th year of publication (the 1989 Index is numbered volume 11A). Indexed are the 4 issues of Volume XXIV, (2002): March (#1), June (#2), September (#3), and December (#4). Each *Flyer* contains 16 pages (8½"x 11" format). A typical index listing (example) is:

**Pitts, Jerry, article by:
New 1951 Equipment Improvements, Mar 02:12-14**

Listed is the author, title, issue date (by month and year), page number(s) and, as necessary, a brief description of the article's topic. Featured articles are listed twice, by title and by author. Generally, only feature articles exceed one page in length. Shorter features (e.g., 'Current News') are only one paragraph long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the compiler.

2003 INDEX, VOLUME XXV

compiled by Jim Younger

The *Katy Flyer* is in its 26th year of publication (the 1989 Index is numbered volume 11A). Indexed are the 4 issues of Volume XXV (2003): March (#1), June (#2), September (#3), and December (#4). Each issue contains 16 pages (8½"x 11" format). A typical index listing (example) is:

**Pitts, Jerry, article by:
Depressed-Center Flat Car- MKT 14001, Mar 03:8-10**

The above example lists the author, title, issue date (by month and year), page number(s) and, if necessary for clarity, a brief description of the article's content. Featured articles are listed twice, by title and by author. Generally, only feature articles exceed one page in length. Shorter items (e.g., 'Current News') are only one (or more) paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the attention of the compiler.

2005 INDEX, VOLUME XXVII

compiled by Jim Younger

The *Katy Flyer* is in its 28th year of publication (the 1989 Index is numbered volume 11A). This index comprises the 4 issues of Volume XXVII (2005): March (#1), June (#2), September (#3), and December (#4). Each issue of the *FLYER* contains 16 pages (8½"x 11" format). Note: the September and December issues are incorrectly marked as volume 28; they should be listed as volume 27. A typical example of an index listing is:

**Pitts, Jerry, article by:
New 1955 Equipment Placed in Service, Jun 05:12-14**

The above example lists the author, article title, issue date (by month and year ((last two digits)), page number(s) and, if necessary for clarity, a brief description of the article's content. Featured articles are listed by title and by author. Generally, only *feature* articles exceed one page in length. Shorter items (e.g., 'Current News') are only one (or more) paragraphs long. Photos in this volume are in black and white format only. Constructive comments and positive suggestions are welcome. Errors should be directed to the attention of the compiler.

2007 INDEX, VOLUME XXIX

compiled by Jim Younger

The *Katy Flyer* is in its 30th year of publication (the 1989 Index is numbered volume 11A). It comprises the 4 issues of Volume XXIX (2007): March (#1), June (#2), September (#3), and December (#4). Each issue of the *FLYER* contains 16 pages (8½"x 11" format). NOTE: The December 2007 issue contains 20 pages. A typical example of an index listing is:

Pitts, Jerry, article by:
The One and Only, Budd Car RDC-3 Car, Sep 07:4-6

The above example lists the author, article title, issue date (by month and year ((last two digits)), page number(s) and, if necessary for clarity, a brief description of the article's content. Featured articles are listed by title and by author. Generally, only *feature* articles exceed one page in length. Shorter items (e.g., 'Current News') are only one (or more) paragraphs long. Photos are in black & white **and** color (denoted by an *). Constructive comments and positive suggestions are welcome. Errors should be directed to the attention of the compiler.

compiled by Jim Younger

The *Katy Flyer* is in its 31st year of publication (erroneously, there are two Volume 11s: 11 & 11a, 1988/1989). This volume comprises the 4 issues of Volume XXX (2008): March (#1), June (#2), September (#3), and December (#4). Each issue of the *FLYER* contains 16 pages (8½"x 11" format). NOTE: The March 2008 issue contains 20 pages. A typical example of an index listing is:

**George, Ray, article by:
Action on the Texas Central, Sep 08:8-9**

The above example lists the author, article title, issue date (by month and year ((last two digits)), page number(s) and, if necessary for clarity, a brief description of the article's content. Featured articles are listed by title and by author. Generally, only *feature* articles exceed one page in length. Shorter items (e.g., 'Current News') are only one (or more) paragraphs long. Photos are in black & white or color (denoted by an *). Constructive comments and positive suggestions are welcome. Errors should be directed to the attention of the compiler.

2011 INDEX, VOLUME XXXIII

compiled by Jim Younger

The *Katy Flyer* is in its 34TH year of publication (erroneously, there are two Volume 11s: 11 & 11a, 1988/1989). This volume comprises the 4 issues of Volume XXXIII (2011): March (#1), Jun (#2), September (#3), and December (#4). Each issue of the *FLYER* contains 16 pages (8½"x 11" format). A typical example of an index listing is:

Sapp, Leon, article by:
"High Time" (railroad watches & timekeeping), Jun 11:14-16

The above example lists the author, article title, issue date (by month and year (last two digits), page number(s) and, if necessary for clarity, a brief description of the article's content. Featured articles are listed by title and by author. Generally, only *feature* articles exceed one page in length. Shorter items (e.g., 'Current News') are only one (or more) paragraphs long. Photos are in black & white or in color* (denoted by an *). Constructive comments and positive suggestions are welcome. Errors should be directed to the attention of the compiler.

2016 INDEX, VOLUME XXXVIII

compiled by Jim Younger

The *Katy Flyer* is in its 39TH year of publication (There are two Volume 11s: 11 covers 1988 & 11a covers 1989). This volume comprises the 4 issues of Volume XXXVIII (2016): March (#1), Jun (#2), September (#3), and December (#4). Each issue of the *FLYER* contains 16 pages (8½"x 11" format). A typical example of an index listing is:

**Warren, James "Eddie"; article by:
Memorable Times with Katy's Last Three Presidents, Jun 16:6-7**

The above example lists the author, article title, issue date (by month and year (last two digits), page number(s) and, if necessary for clarity, a brief description of the article's content. Featured articles are listed by title and by author. Generally, only *feature* articles exceed one page in length. Shorter items (e.g., 'Current News') are only one (or more) paragraphs long. Photos are in black & white or in color* (denoted by an *). Constructive comments and positive suggestions are welcome. Errors should be directed to the attention of the compiler.

2018 INDEX, VOLUME XL

compiled by Jim Younger

The *Katy Flyer* is in its 41st year of publication (There are two Volume 11s: 11 covers 1988 & 11a covers 1989). This volume comprises the 4 issues of Volume XL (2018): March (#1), Jun (#2), September (#3), and December (#4). Each issue of the *FLYER* contains 16 pages (8½"x 11" format). A typical example of an index listing is:

**George, Ray; article by:
The Texas Special's Final Years, Mar 18:9-11**

The above example lists the author, article title, issue date (by month and year (last two digits), page number(s) and, if necessary for clarity, a brief description of the article's content. Featured articles are listed by title and by author. Generally, only *feature* articles exceed one page in length. Shorter items (e.g., 'Current News') are only one (or more) paragraphs long. Photos are in black & white or in color* (denoted by an *). Constructive comments and positive suggestions are welcome. Errors should be directed to the attention of the compiler.
